

BY THE NUMBERS

OUR CUSTOMERS, OUR SUCCESS

50+% of the global Fortune 100 are customers and 28% of the Fortune 1000

Top 5 U.S.
banks

4 of the top 5
global
pharmaceutical
companies

3 of the top 5
U.S. retailers

2 of the top 5 U.S.
oil companies

- Strong renewal rate, over 90%.
- 50 consecutive quarters of growth. Last year our revenue increased 36% year-over-year, to \$265.4 million.
- A number of our largest customers use our platform to protect more than 1 million users and handle more than 1 billion messages per day.
- We protected more than 100 million email boxes, protected 200 million social media accounts and executed 5.6 million TAP scans last year.
- International is a big focus for us. 17% of Proofpoint revenue is international. Thirteen countries worldwide and six data centers across three global regions. Office locations include Australia, Canada, France, Germany, Japan, Mexico, Taiwan, the United Kingdom and the United States of America.
- 1,200+ employees worldwide, award-winning customer support team.
- 95% satisfaction rating secured on most recent Proofpoint customer survey. 44% of customers use multiple products.
- Nearly 25% of annual revenues are reinvested back into R&D, one of the highest in the industry.
- Proofpoint's cloud-based solutions have the proven ability to deploy to any scale without issue. Recently our security solutions were deployed to a 360,000 user global organization in a roughly 48-hour period without incident.

THIRD-PARTY VALIDATION

- A leader in Gartner's Magic Quadrant: seven consecutive years for Secure Email Gateways and four consecutive years for Enterprise Information Archiving.
- IDC ranks Proofpoint as the second-largest SaaS-messaging security provider in the world and the fourth-largest messaging security vendor in the world.
- Recognized with accolades from many top third-party organizations, including Deloitte, Gartner, Forrester and SC Magazine.
- World-class partners ecosystem includes Palo Alto Network, Intel (McAfee) Security, Ingram Micro, AT&T, Fujitsu, Optiv, Swisscom and CDW.

SUPERIOR CYBERSECURITY PROTECTION

- Each day, we protect customers from advanced threats in more than 600 million emails, hundreds of millions of social media posts and, and across 150 million malware samples.
- Our global intelligence extends to more than 300 billion data points and monitors more than 7 billion unique URLs every day.
- Proofpoint detected and stopped more than 10 million ransomware-infected emails in just one day. We discovered the cybercrime kingpins behind the highly-circulated banking Trojan Dridex were distributing a new form of ransomware called Locky.
- Proofpoint has a proven ability to stop more than 99% of attachment-based email attacks including banking Trojans like Dridex, Dyre and Shifu, ransomware like Cryptowall and Locky, and more highly targeted attack campaigns.
- More than 5 million apps on iOS and Android scanned to protect against malicious apps and dangerous apps that take company and personal data. 40% of our enterprise customers found users that are downloading apps onto their iPhones from rogue app stores. These apps are tampered with, and many contain malicious code.
- Proofpoint protects more than 3,800 social media accounts for some of the world's largest global brands, including General Mills, Wells Fargo, Netflix, The Golden State Warriors, ING and Citrix.

ABOUT PROOFPOINT

Proofpoint Inc. (NASDAQ:PFPT) is a leading next-generation security and compliance company that provides cloud-based solutions for comprehensive threat protection, incident response, secure communications, social media security, compliance, archiving and governance.
